It Takes the Cake

is the usual favorable comment on the superb laundry work turned out at the Beaumont Steam Laundry. The best of linen and other materials are easily ruined by careless and indifferent laundering. We cannot and do not hope to retain your patronage by slipshod work, and the best is now too good here.

In Old Lang Syne

A good dyer was truly an expert, because he had to prepare his dyes; but a modern dyer only uses prepared dyes with a formula furnished him how to use. We do not thus advertise, but we do claim that our work among the citizens of Beaumont for the past three years has given entire satisfaction.
